

Because You Matter Ministries Minutes

Volume 5 Quarterly Issue October, November, December. 2014

Every day they continued to meet together in the temple courts. They broke bread in their homes and ate together with glad and sincere hearts, praising God and enjoying the favor of all the people. And the Lord added to their number daily those who were being saved. Acts 2 v 46-47

This again has been a busy year. There has been a large number of contacts that we have made in the ministry.

With the services we present in the different nursing homes and assisted living locations, there has been at least 534 contacts. We have served people that have accepted Jesus earlier in their lives and may not have the ability to get to their own churches. There are those who have made the decision to accept Jesus at one of the many services we present.

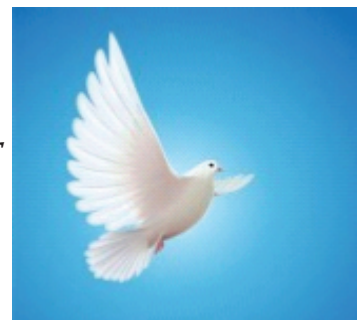

There are people who over hear the services that we do not keep track of. They are the employees of these locations, relatives or friends of the residents. The realization that these people are listening in is when we hear them singing along with

us or when they ask about which verses we were studying at that particular time and day. We will never really know how many souls we have really touched, only God knows for sure. Our main reason to be in ministry is to be God's servants in God's work.

We have other contacts also with the many projects we have going on during the year. Whether in the disaster relief ministry, informing the public about what we do, or handouts that have the salvation message printed on them.

Hopefully 2015 will be blessed with many more contacts and open hearts for Jesus. We ask for you to keep praying that God will keep us as faithful servants and keep opening doors to those who need to hear of God's Son and the saving grace of Jesus Christ.

We would also ask for prayer to raise up leaders to help in expansion in other locations for the Golden Gospel Group and in other areas of our Ministry.

Health Notes

This time of year as we travel from place to place, in and out of buildings, and from person to person, we need to be more vigilant on the passing of germs and such. Nursing homes and such facilities have hand sanitizers set up for the public and should be used on the way in and on the way out. Many also have face masks for you NOT to share germs with others but will help protect you from viruses too.

Facilities will at times close all or part of their buildings to the public. This is for your and the resident's protection. People who are more susceptible to a cold or flu should think about staying out of these facilities. Please use common sense during this time of year and stay healthy.
